

LA Governor's Office of Homeland Security and Emergency Preparedness
PER 275: LASER: Law Enforcement Active Shooter Emergency Response
Train the Trainer (TTT)
Gretna, La
January 18-20, 2017

Course: PER 275: LASER: Law Enforcement Active Shooter Emergency Response – Train the Trainer

Course Description: Terrorism involving active shooter attacks on population centers has become part of law enforcement officers' awareness; however, increased awareness of a problem does not ensure preparedness or appropriate response tactics. This course addresses technical aspects of planning and implementing a rapid law enforcement deployment to an active shooter incident through classroom presentations, hands-on performance-based field training, and scenario-based practical exercises.

Participant Audience:

The target audience for the **Direct Delivery** version of this course involves individuals who respond to or support the response to any type of active shooter incident including:

- State and local law enforcement
- Range instructors
- Firearms instructors
- School resource officers
- Emergency services instructors of first responders
- First-line supervisors of first responders

The target audience for the **Train-the-Trainer** version of this course is established trainers/instructors in academies, agencies or departments who are seeking to train participants by teaching the Indirect version of this course using course materials provided by NCBRT.

The Indirect version of this course is commonly delivered as part of in-service or academy training to support continuing education.

Prerequisite: Law Enforcement
